A quarterly report is due if you have received in excess of \$500 since your last report concerning campaign debt. No report is required for any calendar quarter in which you have not exceeded the cumulative contribution limit of \$500 since your last report. For example, if you receive contributions in the amounts of \$250 and \$300, respectively, in the first and second quarters, then you trigger the reporting requirement in the second quarter because you crossed the \$500 threshold in that quarter. Note, however, that you are required to disclose the \$250 in contributions you received in the first quarter.
